Your next step

1. Talk with Linda

Our administrator follows up website enquiries during office hours. Tell us your area and a brief outline of the support you are considering.

2. Discuss your needs

We discuss what matters to you, the support required and your preferred times. We explain assessment and check suitable staffing.

3. Agree the right support

If we can safely meet your needs, we agree the care plan, arrangements and charges before support starts. An enquiry does not commit you to a care package.

Other support to discuss

Ask about respite, overnight or live-in arrangements, medication support, specialist or health-related needs, and temporary staffing. Any arrangement depends on assessment, agreed responsibilities and suitable staff with the required skills.

Clear information before you decide

Ask us to explain the proposed charges, what is included and the terms that apply. For detailed service descriptions, visit shonacareltd.co.uk/services/.
